EMPIRE'S NEW STRUCTURE.  
 Building to Be Erected at Delaware and Wa-  
 bash—Entrance on Delaware Street.

Manager James E. Fennessy, of the Em-  
 pire Theater, was in the city yesterday  
 from Cincinnati attending to some busi-  
 ness in relation to the new building which  
 the syndicate he represents will add to the  
 theater edifice. He was accompanied by  
 F. B. Plympton, of the firm of Nash &  
 Plympton, architects, of Cincinnati, and  
 they presented the plan of the building to  
 Building-Inspector Fitchey at his office for  
 approval. The building will face on Dela-  
 ware street, and will extend back and join  
 with the theatre building on Wabash  
 street. It will have eight store rooms in it  
 and a wide foyer or entrance to the the-  
 ater proper from Delaware street. It is  
 expected to begin work on it at once, and  
 to have it completed in time for the open-  
 ing of the house in August.

## WILL SHUT OUT CATHOLICS

Democrats Announce that They Will  
 Not Put Any Such on Their Ticket.

Downing Scheme in the Sixth Ward—Saloon  
 Interests Consolidating—The Mayor's  
 Dollar Went for Naught.

NO CATHOLICS NEED APPLY.  
 Democratic City Committee Announces That  
 None Such Will Be Nominated.

The evening Democratic organ has an-  
 nounced that the city Democratic com-  
 mittee has set up the cry of "No popery,"  
 that is to say, no Catholic is to be put on  
 the Democratic ticket this year. This  
 evidently means a bid for the A. P. A. vote,  
 which is rumored to be at least five  
 thousand strong. Mayor Sullivan and  
 his Board of Public Works have a fight with  
 the anti-Catholic organization over the  
 renting of Tomlinson Hall for a lecture by  
 ex-priest Radolph. They declined to let  
 the hall, giving as a reason that he did  
 not want a repetition of the Lafayette  
 riot. The A. P. A. bore the Mayor's refusal  
 in mind, and took it as a direct fling at the  
 organization. It was boldly announced  
 that if the Mayor was nominated the A. P. A.  
 would accomplish his defeat for his ac-  
 tion. Any one at all familiar with the  
 Mayor's physiological anomaly—the fish-  
 born backbone—can imagine his honor's  
 gyrations and contortions upon receiving  
 this information. It was a slight for the  
 small boy with the rod and line. There  
 must be a placating of the A. P. A. before  
 election time. Hence the following, which  
 appeared in the Sullivan organ last even-  
 ing:

It is given out by the city committee that  
 the Democrats will not nominate any members  
 of the Catholic Church for office. This is done,  
 it is said, to prevent a fight being made by the A.  
 P. A.

A large number of the Democratic voters  
 in the southwestern part of the city are  
 Catholics, and while they have not as yet  
 asked for representation on the city Demo-  
 cratic ticket, they naturally are incensed  
 that a bar against them on account of their  
 religion should be declared. They will try  
 to determine the responsibility for the ut-  
 terance from the city committee, but as  
 sounds as if it might come from the Sulli-  
 vans, those enthusiasts will have to first  
 explain.

IN POLSTER'S BASEMENT.  
 Where the Downings Proposed the Sixth-  
 Ward Primary Shall Be Held.

The Downing element in Charley Pol-  
 ster's Sixth ward claims to have things so  
 "fixed" for its man that every man who  
 spends his evenings lounging over the  
 aforesaid Charley Polster's bar says that  
 the ward will have just sixteen delegates  
 for Downing, which are all that are al-  
 loted to it under the new apportion-  
 ment. And to get these sixteen dele-  
 gates the weighty politicians of that  
 district propose to run the primaries in a  
 novel, and what, if successful, ought to  
 prove a very satisfactory way. Instead of  
 having precinct primaries and scattering  
 their strength over the ward they propose  
 to hold them all in one place, at one and  
 the same time, and that place is the  
 basement of Charley Polster's saloon,  
 where, it is alleged, a restaurant holds the  
 boards.

The Downing men are making no secret  
 of this, and are rather anxious that it  
 should be known. One of them in the base-  
 ment of the court house, and almost with-  
 in arm's reach of the head of the present  
 administration, was telling about it in a  
 loud tone of voice as though he was an-  
 xious that all should hear. It is causing no  
 end of trouble already. The Sullivan sup-  
 porters are up in arms against this high-  
 handed practice, and are scurrying around  
 to head it off if possible. They are headed  
 by Dr. Brannon and Herman Strebeck, the  
 latter of whom is a baker whose place of  
 business is on Massachusetts avenue.

LIQUOR INTERESTS CONSOLIDATING.  
 Getting Ready to Make a United Fight in  
 the Coming Campaign.

As the campaign comes on apace the  
 Democratic leaders, recognizing the fact  
 that existing differences in the liquor el-  
 ement would have to be adjusted, set about  
 to and have succeeded in bringing about  
 an adjustment of the differences which led  
 to the split last winter. Indianapolis lo-  
 cal union No. 1, of the Licensed Saloon  
 Keepers' League, met at Mozart Hall yester-  
 day afternoon, and decided that they  
 were willing to stand by the State league,  
 from which they had formerly seceded.  
 The members who were not present sent  
 word that they were willing to conform to  
 the line of action which had been agreed  
 upon. The officers elected at the last meet-  
 ing were installed by President Beatty, of  
 the State league. Peace and harmony now  
 reign in this portion of the Democracy,  
 and they all say they are sorry they did it,  
 and would not if they had known what the  
 real state of affairs was.

SULLIVAN'S LIBERALITY.

Gave Inspector Bushong a Whole Dollar  
 "to Spend Among the Boys."  
 Sprinkling Inspector Charles Bushong is  
 doing rather more work in a political way  
 just at present than he is at watching the  
 interests of his department. A night or  
 two ago he invaded the Downing  
 stronghold, the saloon of Charley  
 Polster, on Indiana avenue, and,  
 throwing a dollar down on the bar,  
 exclaimed: "Tom Sullivan gave me that  
 and told me to spend it with the  
 boys. Every man who is for Sullivan  
 come up and have something." Ever since  
 came up, but a few minutes later, when  
 Bushong bet a man who had just come in  
 that there were more Sullivan people in the  
 house than there were Downing voters,  
 was the only man who voted for Sullivan,  
 and all the rest wrote "Downing" across  
 their slip, and it felt to Bushong as though  
 St. Peter had written "lost" behind his  
 name.

BUTTER, EGGS AND POULTRY.

Annual Convention of the Ohio and Indiana  
 Association Begun.

About thirty men attended the session of  
 the Butter, Eggs and Poultry Convention  
 at the Board of Trade yesterday afternoon,  
 and after the appointment of a committee  
 on order of business, an adjournment was  
 taken until this morning. The visitors  
 were taken on an excursion to Fairview  
 in the evening. The committee on order  
 of business consisted of Page Gerry, of  
 Newark, O.; C. S. Jeans, of Evansville, and  
 C. Byer, of Warsaw. Short talks were as-  
 signed as follows: On eggs, William Har-  
 ris, of Union City, M. H. Hutton, of Boston,  
 Mass.; on butter, Joseph Swindell, of Ply-  
 mouth, William Harris and James Snyder  
 on poultry, Arthur Jordan, of Indianapolis,  
 C. F. Jeans and John Van Nest, of New  
 York; on transportation, C. C. Pierce and  
 other railroad men. A number of freight  
 agents are at the convention.

This convention meets annually, and is  
 composed of the shippers of Indiana and  
 Ohio and the big dealers of the East. There  
 are about one hundred and thirty mem-  
 bers of the association, whose object is to  
 bring the dealers and shippers into closer  
 relations. One-third of the membership is  
 composed of these Eastern commission  
 men. The committee which had charge of  
 the case before the Interstate-commerce  
 Commission in which railroads were  
 charged with discrimination against poultry  
 and egg shippers will report to-day. A  
 test case was taken before the commission  
 at Cincinnati a year ago, and a decision  
 was recently rendered against the ship-  
 pers. They complained that the railroads would  
 not make a cheaper rate in proportion  
 upon the shipment of a carload than the  
 rate upon a single case or crate. The com-  
 mission held that this was no discrimina-  
 tion on the part of the railroads. The ship-

pers claim that men who ship pumpkins or  
 potatoes get a cheap rate by the carload.  
 Secretary T. S. Gilliland, of Van Wert,  
 O., said last night that the poultry inter-  
 ests of Ohio and Indiana have increased  
 largely since the last year, and are find-  
 ing out that it is profitable to raise chick-  
 ens. The East is depending more and  
 more on the West for supplies of this kind.  
 From Chicago an average of five thousand  
 cases of eggs are shipped to the East every  
 week. Mr. Gilliland says that the five-  
 cent duty put on eggs several years ago  
 has increased the production of the United  
 States fully 30 per cent. Canada does not  
 ship as many eggs as formerly, except in  
 the winter, when eggs become very scarce.  
 The duty has increased the price of eggs  
 perhaps 3 cents a dozen, but the shipper  
 gets none of this advance, as it all goes to  
 the producer. Mr. Gilliland thinks that  
 this duty will have a beneficial effect all  
 around. It stimulates the production, and  
 after a while the supply will necessarily  
 reduce the price, give the people a suffi-  
 cient supply of hen fruit, and give the pro-  
 ducer a good profit. H. P. Mille, of Del-  
 ance, O., is the president of the conven-  
 tion.

## SEEM TO HAVE DIVIDED IT

Only Two Firms Submit Bids on the  
 Collection of the City's Garbage.

One Takes the North Side and the Other  
 the South Side—May Be Rejected—Con-  
 tracts for Paving—Gas Company's Tar.

The Board of Public Works opened bids  
 for the collection of garbage at its meeting  
 yesterday and received only two of them,  
 or only two firms bid, there being separate  
 proposals made for each of the four dis-  
 tricts, as was required in the specifications.  
 They were as follows:

First district, north of Washington street, west  
 of East street—Tolin & Carlin, 55 cents a hundred  
 pounds; Girton & Stout, one-half a cent a  
 pound.  
 Second district, north of Washington and  
 Cherry streets, and east of Central avenue and  
 East street—Tolin & Carlin, 55 cents a hundred  
 pounds; Girton & Stout, one-half a cent a pound.  
 Third district, south of Washington and east of  
 East street—Tolin & Carlin, 60 cents a hundred  
 pounds; Girton & Stout, three-quarters of a cent  
 a pound.

Fourth district, south of Washington and west  
 of East street—Tolin & Carlin, 50 cents a hun-  
 dred pounds; Girton & Stout, three-quarters of  
 a cent a pound.  
 It will be seen that there is little differ-  
 ence in them, that of Tolin & Carlin being  
 a little lower on the south side and Gir-  
 ton & Stout on the north side. The board was  
 disappointed that there was not more com-  
 petition, and also that the bids were so  
 high. It did not take any action in the  
 matter, and will not do until the Friday  
 meeting. President Condit said about  
 them: "The reason we did not decide to  
 whom to award the contract was that we  
 all thought the bids were too high. I was  
 disappointed in them myself, and think we  
 can get the work done cheaper. I know  
 that if the pay for the hauling was to come  
 through the medium of the city, on revenue  
 collected for that purpose, instead of hav-  
 ing the contractor go direct to the house-  
 holder, we might get it done a great deal  
 cheaper, as bidders will realize that it will  
 not be the easiest thing in the world to  
 make all of their collections. Similar work  
 is done in other cities for less money than  
 the bids of to-day will call for. However,  
 I do not know of but one or two cities who  
 have their refuse collected in this manner,  
 and what they pay to be done is what I know."  
 Mr. Condit did not say that the board  
 would reject the bids, but he intimated  
 that such would be the case.

Street Improvements.  
 The following contracts for brick pave-  
 ments were awarded: McCarty street,  
 from Meridian to High street, Fulmer &  
 Seibert, \$4.38 front foot, stratified curb;  
 Louisiana street, from Alabama street to  
 Virginia avenue, Fulmer & Seibert, \$7.45  
 front foot, tar filling, stratified curb;  
 South street, from Pennsylvania to Dela-  
 ware street, Robert Kennington, \$5.65,  
 outfit curb.  
 The board rejected all bids for paving  
 with cement the walks of Jefferson avenue,  
 from Clifford to Brookside avenue, for the  
 reason that they were too high, and will  
 readvertise the same.

A heavy remonstrance was filed against  
 paving with brick the walks of Carlos  
 street, from Ray to Morris street, but the  
 board took no action in the matter.  
 A petition for grading and graveling  
 Brookside avenue from Clifford to Orange  
 avenue was granted, and the engineer was  
 instructed to prepare the necessary papers.  
 Yesterday was the day set for hearing re-  
 monstrances against paving with cement  
 the walks of Talbot street, from Four-  
 teenth to Seventeenth street, but no re-  
 monstrators appeared, and the board took  
 final action on the improvement.

Won't Charge It All to the Company.  
 The board yesterday awarded the con-  
 tract to clean the South-street sewer of the  
 coating of tar which has been lying in it  
 for a half decade, to James Kennedy at  
 \$125. The city is to pay one-half of this  
 portion and the Indianapolis Gas Company  
 the other. The tar was run into the sewer  
 by the gas company some eight or ten years  
 ago through a private sewer leading from  
 its works, as it is not a city sewer, and  
 that the officials of the company would ad-  
 mit that there was any tar in it at all. The  
 city at last, after vain attempts to get the  
 company to do something, hired a man to  
 go through the sewer and make a report on  
 it. He did so and found a coating of from  
 eight to twelve inches all the way through  
 the sewer. Another effort will be made to  
 get the gas company to have it cleaned out,  
 but it refused to do so, and the present  
 compromise was made.

Talbot-Avenue Poles.  
 City Attorney Jones has not yet made  
 his report to the board on the question re-  
 ferred to him regarding placing the poles  
 of the Citizens' Street-railroad Company  
 on the side of the street in Talbot avenue,  
 instead of in the center. He is drawing up  
 the contract which will be presented to the  
 Council after having been signed by the  
 members of the board and the officials of  
 the company.

Want It Finished Sometime.  
 The board addressed a very per letter to  
 J. H. Forrest, the contractor for the mason-  
 ry of the bridge over Pleasant run at Shelby  
 street, in which he was informed that he  
 had run long past his time limit, and that  
 unless he at once finished up the work his  
 contract would be rescinded and his bond-  
 men would be held responsible.

City's New Bonds.  
 Controller Woolen yesterday received  
 the first proof sheets of the new bonds  
 which are being printed for the city. They  
 are on plain white paper and neat in ap-  
 pearance. There were several alterations  
 made of a trivial nature, and they will  
 soon come from the hands of the printer.

To Open Kentucky Avenue.  
 The city engineer has been instructed to  
 prepare the necessary papers for opening  
 Kentucky avenue from Water street to  
 White River, at which point the County  
 Commissioners have decided to build a  
 bridge.

Striking Lathers.  
 About fifteen members of the Lathers' Union  
 are still on a strike, the other twenty  
 having secured work with contractors who  
 have agreed to the new scale of the union.  
 The union disclaims any connection with  
 the efforts of two members who sought to  
 effect a compromise with the contractors  
 several days ago. Yesterday two members  
 abandoned the union and went to work on  
 a house being built for Mr. Hirschman, on  
 East Washington street. The union dis-  
 claims the two men, and refused to allow  
 non-union men to be employed on the work.  
 The union insists that the contractors are  
 holding out through mere statecraft, and  
 it would be the builders and not the con-  
 tractors who would have to pay more for  
 the lath work.

PRAYED WITH ANNIE WAGNER.  
 Devotional Services in the Turnkey's Office at  
 the Jail—The Prisoner Wept.

For a short time yesterday afternoon the  
 turnkey's office at the county jail was con-  
 verted into a chapel of prayer, where  
 two Christian women offered an earn-  
 est and fervent appeal for the wel-  
 fare of Annie Wagner. Shortly after noon  
 Miss Flora McDowell, deaconess of Roberts  
 Park Church, and Miss Albrecht, of the  
 German Methodist Missionary Society,  
 were admitted to the corridors. They re-  
 quested an interview with the alleged pris-  
 oner, which was readily accorded, and the  
 ladies met the prisoner a few moments  
 later in the office.  
 Attired in the somber gown she has worn  
 since her arrest, Annie was led from her  
 cell, and with a gracious but pathetic lit-  
 tle smile received the bouquet of roses  
 which Miss McDowell handed her. The  
 prisoner brought with her the Catholic  
 prayer book, which is now her constant  
 companion, and sat down upon the office  
 sofa. For some time she conversed with  
 Miss Albrecht in German, and the latter,  
 from a German Bible, read several extracts  
 to the girl. Then the two visitors knelt  
 upon the rough floor of the office and Miss  
 Albrecht, in simple words that came from  
 the depths of a womanly heart, breathed a  
 prayer for the friendless prisoner. During  
 the invocation in her behalf Annie bowed  
 her head and seemed much affected.

McAfee Craves Mute.  
 John Parker and Ed McAfee, the con-  
 demned slayers of Charles Eyster, are giv-  
 ing the officers no trouble at the jail and  
 both are conducting themselves quietly  
 and in strict accordance with the rules of  
 the prison. Yesterday morning a colored  
 girl named Simpson, called on Ed McAfee  
 and conversed for some time with him. On  
 leaving the jail the prisoner expressed the  
 wish that his guitar be sent to him the girl  
 promising to see that it was done. McAfee  
 is said to be an expert on the instrument  
 and both he and Parker possess excellent  
 vocal powers.

County Meat Contracts.  
 The County Commissioners yesterday let  
 the contract for supplying the county  
 asylum and workhouse with meat. There  
 was a number of bidders. The contracts  
 were let as follows, the price being per  
 hundred pounds:  
 "Worcester William Beck, prisoners' beef, \$4;  
 officers' beef, \$8; smoked ham, \$13; smoked  
 shoulder, \$11; smoked side meat, \$12.50; lard,  
 \$8.50, and veal, \$8.  
 Poor Farm—Ernest Wurster, all beef, \$5 per  
 hundred weight; smoked ham, 10 cents; smoked  
 shoulder, 9 cents; smoked side meat, 10 cents;  
 lard, 10 cents, and veal, 10 cents, the bids being  
 per pound.
